

Independence Power & Light

Residential Air Conditioner Rebate Application

Independence Power & Light offers rebates for new residential air conditioners with SEER ratings of 15.00 or higher.

**ARI Standard SEER Rating
15.00 or Higher**

IPL uses SEER ratings as shown in the ARI Directory for model numbers listed on installer receipt.

1.5, 2 or 2.5 ton units	\$137
3 or 3.5 ton units	\$207
4 ton or larger units	\$260

Effective for equipment installed on or after January 1, 2006

Rebate Requirements

- Unit includes a **new** outdoor condenser and a **new** indoor matched evaporator coil.
- Unit is installed in a single family residence.
- Electric service to the residence is provided by Independence Power & Light.
- IPL must receive all information requested on the application form including a copy of the paid receipt for the unit. The receipt must list the model numbers for the condenser, the matched evaporator coil, the expansion valve and any additional installed equipment as listed in the ARI Directory.
- The rebate application form and receipts must be submitted to IPL within one year of the air conditioner unit's installation.

Submit this form and proof of purchase to Independence Power & Light within one year of equipment installation. Proof of purchase must list all model numbers.
